

CESR

NSA response regarding the CESR consultation on the MiFID review for Investor Protection and Intermediaries

The Nordic Securities Association (NSA) represents the common interests of member firms in the Nordic securities dealers associations towards external stakeholders primarily in the Nordic market but also on European and international issues of common interest. Members of the NSA are the Danish Securities Dealers Association, the Finnish Federation of Financial Services, the Norwegian Securities Dealers Association and the Swedish Securities Dealers Association.

The NSA welcomes the opportunity to comment on CESR's consultation paper on CESR Technical Advice to the European Commission in the context of the MiFID review – Investor Protection and Intermediaries.

The NSA supports the response from the European Banking Federation.
